

src/aux/RandomInteger.h

```
graph TD; A[src/aux/RandomInteger.h] --> B[random]; A --> C[ctime];
```

A diagram illustrating dependencies. At the top is a gray rectangular box with a black border containing the text 'src/aux/RandomInteger.h'. Two blue arrows originate from the bottom center of this box. The left arrow points diagonally down and to the left to a white rectangular box with a gray border containing the text 'random'. The right arrow points diagonally down and to the right to another white rectangular box with a gray border containing the text 'ctime'.
